

America United International (AUI)  
is you and

**YOU = AUI**

**[www.americaunitedinternational.net](http://www.americaunitedinternational.net)**

AUI is a grassroots campaign collaborating with one or more organizations of which you are a member, constituent, and/or supporter to combat weaponization of the U.S. legal system<sup>1</sup> involving apparent judicial misconduct. The campaign website<sup>2</sup> details AUI's mission, current endeavors, and objectives. This two-pager condenses and presents that information in terms of your potential, direct involvement. Hopefully this presentation helps you understand what can be accomplished with and for you as well as causes about which you are concerned, in conjunction with AUI.

<sup>1</sup> This phenomenon entails deliberate violations of civil, constitutional, and/or human rights imposed through abuse of legal processes. AUI sometimes refers to it as organized U.S. legal system abuse facilitated by unchecked judicial misconduct.

## PUBLIC INTEREST LOBBYING AND OTHER SPEAKING ENGAGEMENTS

You are encouraged to describe your personal exposure to organized U.S. legal system abuse facilitated by unchecked judicial misconduct in a paragraph of five (5) sentences or less. AUI will arrange to include that testimonial in a legislative leave-behind package including your name, organization affiliation if any, city/state of residence, email address, and perhaps an image of you. Your organization(s) with which AUI is collaborating will explore opportunities for in-person or virtual meetings with state legislators and U.S. Senators as well as Representatives as part of efforts to redress difficulties described or referenced by your brief testimonial. You will be invited to attend and speak at whatever legislative meetings that AUI secures relevant to your personal difficulties. You may also be invited to speak at other AUI events and interviewed as part of the campaign's video series featured on YouTube.

## DIRECT ACTION

Although various "class actions" are pillars of AUI's efforts to secure personal relief for people directly impacted by the brand of U.S. legal system corruption that it addresses, the campaign highlights and strengthens those rather legalistic efforts through direct action whenever possible. Direct action, *i.e.*, demonstrations, pickets, and other forms of public protest are also key tactics for achieving the sweeping U.S. legal system reforms that AUI seeks. So, please be sure to coordinate with AUI administrators to reflect whatever objectives you share with the campaign in direct actions you spearhead. And please commit to actively promoting as well as participating in whatever direct action that AUI spearheads to the extent that you can.

## FOCUS ON INDIANA

The state of Indiana's legal system was Ground Zero in the effort to keep AUI and related compliance with America's ICCPR (International Covenant on Civil and Political Rights) from ever coming to past. Since U.S. politician Michael R. Pence was Governor of Indiana and then U.S. Vice President during some relevant times, AUI will continue efforts of its predecessors to enlist his support. If you have ever resided or currently reside in Indiana, please become part of AUI's "Focus On Indiana".

## ORGANIZE AN EVENT, VOLUNTEER, DONATE, AND FUNDRAISE

Again, YOU = AUI. AUI will never be as formidable as it can be without people like you undertaking classic as well as customized ways of supporting the campaign. Arguably key to AUI's effectiveness is its sustainability, and that is all about you and others being willing to organize events, volunteer, donate, and fundraise for and with AUI.

The good, bad, and ugly of AUI's endeavors are all historic, but if you simply watch without helping to shape this history-in-the-making, AUI may not have the wherewithal to help positively impact America's future. AUI boils down to helping get the relief you deserve and the U.S. legal system reform that America very much needs. ***What's not to support?***
